[redacted] In response to a telephone request, stopped by to see Mr. Raymond Meek, Assistant to Representative Henry B. Gonzalez (D., Tex.) concerning a constituent matter. Upon meeting with Mr. Meek, I found that he had a very extensive file on three American citizens in Pakistan on whom he desired further information and advice. I advised that the most direct approach (since Mr. Meek is returning to Texas this evening and needs information to provide to relatives of the individuals) would be by contacting Mr. John Gatsch, Chief of the Pakistan Desk, Department of State.

25X1

[redacted] Provided to Mrs. Dorothy L. Abbott, Clerk-Secretary to Representative E. L. Forrester (D., Ga.) the professional brochure and application forms for a constituent who had read about Agency activities in the February issue of "Argosy" magazine and is interested in employment as a helicopter pilot. I advised Mrs. Abbott that we did not employ helicopter pilots, but that if a constituent was interested in applying for employment with the Agency, we would be pleased to receive his application. Mrs. Abbott indicated that she would forward the application with the suggestion that the individual file directly with the Agency.
